BRIGHAM.

The venerable President of the Church of Latter Day Saints is not lying on a bed of roses at present. But a few days ago the Utah Courts rendered a decision against him in the matter of his nineteenth wife, Ann Eliza. It seems that Brigham has failed to comply with the order of the Court, and now our dispatches inform us that an attachment has been issued against him commanding the payment of \$3,000 counsel fees to Ann Eliza's attorneys. It is further stated that if Mr. Young does not settle forthwith he will be confined in prison until he does find it convenient to obey the order of the Court. From all of which we infer that Brigham is having rather a rough road to travel. The new view presented by the kaleidoscope to Brigham is far from being a pleasing one. Such is life.

SACRAMENTO CITY ELECTION.

The municipal election held in Sacramento on Tuesday resulted in the election of the Republican ticket, with the exception of McClintock, candidate for Auditor, who is beaten by Hickman, Independent candidate. The Republican candidate for Mayor receives a majority of 544 over his competitor, who received the combined support of the Democratic and Independent parties. The Republican candidates for Assessor and Collector receive most decisive majorities—the former leading both his Independent and Democratic opponents by 908 votes in a total vote of 3,129, and the latter receiving a majority of 1,738 in a vote of 3,114. The "tidal wave" is apparently receding.

A SPECIAL DISPATCH to the San Francisco *Alta*, dated Washington, March 8th, says that on further examination of an Act authorizing the coinage of 20-cent pieces, it is found that it does not repeal the Act authorizing the coinage of the 25-cent piece; but the Secretary of the Treasury has decided to suspend the coinage of 25-cent pieces on the Pacific Slope, and coin, instead, the 20-cent pieces authorized by the last Act. Twenty-five cent pieces will, however, continue to be coined for circulation in the East. Twenty-cent pieces will be coined on the Pacific Coast, in sufficient quantities to supply the State of Texas and the trade extending northward through New Mexico and Arizona.

BANKING CAPITAL.

Though money seems to be scarce all over the country, San Francisco is credited with more than her proportion. The *Bulletin* says: "Whatever else we may be deficient in, there is to be no lack of banking capital. The ease with which incorporations of this kind are gotten up in this city is truly astonishing. Within the past few months the Bank of San Francisco has been started with a capital of \$1,000,000, while the capital of the Merchants' Exchange Bank has been increased from \$1,000,000 to \$5,000,000. This gives us two banks of \$5,000,000 each, a thing of which very few cities on this continent can boast. And now comes the incorporation of the Commercial Bank with a similar capital. The names of the promoters of this bank were given in the *Bulletin* last evening. And the end is not yet. We are informed that there is to be another colossal institution of this kind formed in a few months, which may possibly overshadow all others. Several minor financial incorporations have been recently formed, or are now in process of incubation.

SAN FRANCISCO—The remains of N. L. Brown were last night forwarded to the city of San Francisco for interment.

EASTERN DISPATCHES!

The Stamp Tax—Settlement Proposed—Great Fire.
NEW YORK, March 11.

Banking men are very much excited over the action of the Internal Revenue Dept., at Washington, to establish an inquisitorial system of investigation into the manner of transacting business at banks, with a view to learning whether any checks which were not properly stamped have been paid. Banks were called upon to furnish evidence of any carelessness or omission on their part in this respect, the object being to collect the penalty of fifty dollars for every check discovered to have been paid without a stamp. At an informal conference yesterday between Williams, of the Metropolitan Bank, Tappan, President of the Gallatin and Vermillie, and the President of the Merchant's National Bank, the subject of bank tax on checks were considered. Bank officers had written to the commissioner of Internal Revenue Department some time before asking for official advice or interpretation of the tax law. Yesterday they telegraphed for a reply and received an answer, the telegram stating that a letter was coming.

Wheatly, Williams & Co., sugar refiners, who failed a few days ago, have met their creditors and talked with them on the subject of their indebtedness. The liabilities of the firm were stated to be \$637,000; the assets were variously estimated at from \$250,000 to \$566,000. The outstanding notes of the firm made up a total of \$623,000. The cash assets were stated to be \$14,000. The refinery is valued by the firm at \$317,000 but at an auction the probable price now would be \$100,000. The firm had refined 24,000,000 pounds of sugar in 1874, all of it at an average loss of 15 cents per one hundred pounds. The firm thought of paying 50 cents on the dollar in this way; 20 cents at the end of one year, 15 cents at the end of two years, and 15 cents at the end of three years.

According to accounts from Port An Prince received yesterday the fire which occurred at that place February 11th was still more disastrous than the telegraph announced. The entire northern portion of the city was swept by flames. Four hundred houses had been consumed and the loss to property is estimated at \$2,000,000. The property was chiefly owned by foreign residents, composed of Englishmen, Hollanders, Germans, Frenchmen and a few Americans, and was insured in companies in Europe where the loss falls very heavily. No American companies lost anything by the fire. The combustible nature of the structures and the high wind caused the flames to spread with great rapidity. At times a dozen separate fires occurred. In seven hours from the time of the breaking out of the fire, a space of one-half mile square had been covered by the flames. By moving up buildings and leaving nothing for the fire to feed upon it was finally stopped. J. B. Hepburn, an American merchant, lost his life. He had rescued his wife and children and went back into his bazaar to endeavor to save some of his goods. While there he was surrounded by flames, and was unable to escape. His dead body was found after the fire in a well in the rear of the store.

About Louisiana.

WASHINGTON, March 11.
General Sheridan left here to-day, returning to New Orleans, via Chicago. His conduct of affairs during the recent troubles in New Orleans is approved by the President. When the pending Louisiana compromise bill is fully consummated a portion

of the troops will be withdrawn from New Orleans. Late private advices from that city shows that while a few ultra politicians on both sides are not inclined to the settlement on the proposed basis, a large majority of the people, including merchants and planters, are willing for peace on almost any terms, as their material interest is seriously injured by the continued political commotions.

Resignation Accepted.

VIENNA, March 11.
It is said the Emperor has accepted the resignation of Schwarz Senborn, at Washington.

Bullion—Guilty of Adultery.

LONDON, March 11.
The bullion in the Bank of England increased 67,000 pounds during the week.

Lady Mordant has been found guilty of adultery.

WESTERN DISPATCHES!

(SPECIAL TO THE JOURNAL.)

PACIFIC COAST.

Body Found.

SAN FRANCISCO, March 11.
This morning the dead body of a man was found in the Bay off Howard Street wharf. The remains were taken to the Morgue for identification. In his pockets was found a small amount of money and a strip of paper with the following address, "Conrad Rawlins, Sander's House, Vallejo."

Almost Completed.

SAN FRANCISCO, March 11.
Surveys of the San Mateo and Santa Cruz road will be completed in about three weeks. Six hundred and seventy-two thousand dollars of stock has already been subscribed. This is a Gauger's road, four of the directors being prominent members of the Patrons of Husbandry of this State.

Centenarian Dead.

SANTA CRUZ, March 11.
Justiniano Romer, the Indian centenarian, said to have been 123 years old, died last night at 8 o'clock at the Old Mission. Records place his baptism in March, 1791, when he was supposed to be fully 40 years of age. He has been ailing for some time, but it was not thought he was going to die until three days since, when Rev. Father Adam administered the last sacraments, etc. The funeral will be held to-morrow. To-night his body lies in state at the Catholic school building where multitudes are paying a last respect to his remains.

Collision.

ORDEN, March 11.
The passenger train run into an emigrant about three o'clock this forenoon damaged one engine, a caboose and threw one emigrant car off the track. No one seriously hurt. Cause—the passenger was ahead of time and the emigrant breaking in two, while taking a side track.

After Mr. Brigham.

SALT LAKE, March 11.
In the District Court to-day an attachment was issued against Brigham Young, in contempt of order of the Court, commanding him to pay \$3,000 counsel fees to the Attorneys of Ann Eliza. It is believed further default in payment will result in Brigham being confined in prison until the order of the Court is obeyed.

Wrestling Match—Body Found.

SAN FRANCISCO, March 11.
Another wrestling match is talked of between Baur, the victor at Platt's Hall last Saturday, and McLaughlin, of Michigan, who defeated Whaler, of California, wrestler, some months ago. Stakes \$1,000.

Yesterday morning an attache of the California Theatre while hunting near the Eleven Mile House found a large box concealed in the brush containing the body of a man decomposing.
